i-CONTEXT

Want to be a part of the digital learning revolution?

i-Context is an innovative Education Technology (EduTech) company providing cloud based and on-premise e-Learning & Social Learning Solutions and related Support Services. i-Context solutions maximize the efficiency and cost effectiveness of organization's training process, cultivating individual and collective skills and competencies to achieve exceptional results.

e-Learning Content Developer

We are looking for self-motivated team players to be part of the e-Learning content design & development team developing cutting edge enterprise and cloud e-Learning solutions for both local and international clients.

Experience and Qualifications:

- Minimum of 1+ years experience in the field of multimedia web content or e-Learning content development
- Bring your talent to create content and apply e-learning design and graphic principles
- A fair knowledge of HTML5, CSS
- Experience in multimedia tools such as Adobe suite, Maya, 3D Max and any other video editing tools
- Excellent writing & communication skills and the flair for creativity to produce innovative learning content
- Any prior experience in electronic learning content creation would be an added advantage
- Any prior experience in e-Learning content creation and Articulate Storyline 3 will be a bonus. Any online qualification will also be an advantage

Expected Personal Characteristics:

- Ability to work within deadlines individually and as a team
- Excellent creative skills
- Good communication skills both written and verbal
- Ability to learn new technologies quickly
- Innovative and forward thinking
- Good team player and quick learner
